Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicants' representatives proposed to change the claim language to include the limitation of the piezoelectric layer having a flat surface, which is not taught in either Ella or Bradley. The Examiner recognizes that the feature would overcome the previous rejection over Ella and Bradley, however, this limitation was not presented/considered earlier, so no search has been done for such limitation. Therefore, further search and consideration will be needed.
